Declaration of Conformity

according to the Gas Appliance Regulation (EU) 2016/426 (GAR) as equipment of gas appliances

The products listed on the reverse, manufactured by Honeywell Gas Technologies GmbH, Kassel, were subjected to an EC type test carried out by DVGW, Deutsche Vereinigung des Gas- und Wasserfaches e. V. Technisch-wissenschaftlicher Verein.

Besides the GAR, the EC type test was based on the following standards:

- DIN EN 334 Gas pressure regulators for inlet pressures up to 100 bar
- DIN EN 88-1 Pressure regulators and associated safety devices for gas appliances
– Part 1: pressure regulators for inlet pressures up to and including 50 kPa
- DIN EN 14382 Safety devices for gas pressure regulating stations and installations – Gas safety shut-off devices for inlet pressures up to 100 bar

The manufacturing of our products is liable to our Quality Management System according ISO 9001. The quality system will be monitored by an accredited certification body.

The applied conformity assessment according Annex III is module B.

As manufacturer we herewith declare that our products mentioned on the second page, marked with the CE mark, comply the requirements according to the EC gas appliance regulation (EU) 2016/426.
